PROFILE

Bilingual (FR/EN) humanitarian Supply Chain and Compliance leader with 10+ years of international experience — including 7+ years coordinating emergency Supply Chain operations for MSF, ACF, Mercy Corps and International Medical Corps, and 3+ years in Finance, Administration and Internal Audit, notably leading a full compliance turnaround at ACTED. Proven track record across highly volatile, high-insecurity environments — Chad, South Sudan, Haiti, Nigeria and the Democratic Republic of Congo — managing emergency project openings and closures, epidemic responses (Cholera, Ebola, Lassa Fever) and conflict-driven displacement operations. Expert in agile supply strategy design, fast-tracked procurement and logistics, and strict GDP/GSP compliance for medical, non-medical and cold-chain assets. Skilled at building and coaching multicultural national teams under extreme pressure, and at leveraging enterprise systems (UNIFIELD, SAP, LINK) and Power BI for real-time, data-driven decision-making. Holds a Master's degree in International Cooperation and Humanitarian Aid (KALU Institute).
